

Appendix N.
Mentoring Policy for Non-Tenured Faculty
Department of Psychology
(approved: 8/05)

The Psychology Department mentoring process is designed to help new faculty adjust to the department and university and facilitate progress toward achieving promotion and tenure. Each new non-tenured faculty member will, by the end of the first full month of Fall classes, select a faculty colleague to serve as his/her mentor. The faculty member and mentor will meet as needed and will collaborate on preparing a five-year plan for achieving promotion and tenure. The faculty member and mentor will also participate in the college mentoring program.
